# OTHER T-ASTRAGALS

## Features & Benefits

**GPI**MILLWORKS

[www.gpimillworks.com](http://www.gpimillworks.com)

### Aluminum & Fiberglass (Pultruded) T-Astragals (NATA-DW & NFTA-DW)

#### IMPROVED DESIGN

- Patented N-Series design T-Astragal
- Larger size with backside return flange
- Fiberglass astragal can easily be painted vs. aluminum powder coat
- Improved boot design with door sweep side seal flap
- End block designed with staggered mounting holes allowing for improved production line installation

#### DURABLE, WEATHER RESISTANT

- Reinforced end blocks for higher wind loads
- Double woolpile with fins adds two additional barriers to air, water and light
- Eliminates wedge pads
- Fiberglass astragal has improved thermal resistance vs. thermally-broken aluminum
- Staggered mounting holes reduces door stile splitting under load pressure

#### OPTIONS

- Weatherstrip available in 3 different White, Dark Bronze and Beige
- 4-way adjustable strike and deadbolt plates
- Designed to be cut down for custom sizes
- Available as outswing and inswing T-astragal for 6/5, 6/7 and 8/0 doors

Patent Pending
