

# PULTRUDED FIBERGLASS T-ASTRAGAL

## Features & Benefits

www.gpimillworks.com

### Pultruded Fiberglass T-Astragals(NFTA-DW)

*Patent Pending*

#### IMPROVED DESIGN

- Patented N-Series design T-Astragal
- Larger size with backside return flange
- Fiberglass astragal can easily be painted vs aluminum powder coat
- Improved boot design with door sweep side seal flap
- End block designed with staggered mounting holes allowing for faster plant installation

#### DURABLE, WEATHER RESISTANT

- Reinforced end blocks for higher wind loads
- Double woolpile with fins adds two additional barriers to air, water and light
- Eliminates wedge pads
- Fiberglass astragal has improved thermal resistance vs thermally-broken aluminum
- Staggered mounting holes reduces stile splitting under load pressure

#### OPTIONS

- Weatherstrip available in 3 different colors; White, Dark Bronze and Beige
- 4-way adjustable strike and deadbolt plates
- Designed to be cut down for custom sizes
- Available in outswing and inswing T-astragal for 6/5, 6/7 and 8/0 doors

TOP VIEW, AS INSTALLED
